## *Intro*

## *Verse 1*

Your love surprises me

Your life You gave for me

The blood you shed upon the cross

For me to really live

I started to believe

Now I will never leave

I'm connected to Your heart

I will never be the same

## *Chorus 1*

You captured my heart, I live for Your love

You are the air that I'm breathing

There's no way that I will ever leave

You captured my heart, I live for Your love

You are the air that I'm breathing

There's no way that I will ever leave You

Your love has captured my heart

Your love has captured my heart

*Verse 2*

I'm overwhelmed by grace

My loneliness replaced

By peace unexplainable

I'll hold on to You

The cross You chose to bear

A love beyond compare

Jesus You forgave me

Now I'm alive and I'm free

*Chorus 2*

Lord, I'm captured by Your love

I'm falling in love and I can't stop

You're good to me, I can't leave You

Lord, I'm captured by Your love

I'm falling in love and I can't stop

You're good to me, I can't leave You

Your love has captured me

*Bridge*

A love that's eternal

A love I did not know

A love that's shaking me

Unexplainable

A love that fills me up

A love that heals my soul

A love that transforms me

Unconditional love
